

## 8th grade Schedule Planning Sheet for the 2021-2022 School Year

Hello current 7th grade students  
and families!

*This planning sheet has been created as an  
**optional** support only. **It is not required.***

For our scheduling process, each student will log into their PowerSchool account during class and **work with their counselor** and **our registrar** to select classes for their 8th grade year.

If you would like to **review the curriculum guide** as a family and select courses for your child to input during the class scheduling session, simply complete this sheet and make sure your child **brings it with them to the scheduling session.**

### Scheduling Process (dates to follow):

- The course description guide and course planning sheet go home.
- Counselors meet with students the first week of March to select 4 elective preferences and 4 alternate elective preferences.
- Caregivers will have an opportunity to view these selections and make changes via PowerSchool.
- We will send home a printed copy for caregivers to sign and return.

### Scheduling Notes:

- Each student will automatically be assigned to the 4 core areas Language Arts 8, US History 8, Science 8, and Math 8.
- If students met the criteria to participate in Challenge Language Arts 7 and/or Math 7/8, these classes will be automatically scheduled.
- Physical Education and Math Enhancement 8 can be either one semester or two semesters, and show up under both Full Year and Semester elective categories.

2021 2022 Course Options
<b>8th Grade</b>
